Airpots & Display Racks

Maximize your profits while minimizing counter space with Cecilware's NEW Airpot Racks. Available in 2, 4 or 6 airpot configurations, these durable, black enamel finished airpot racks allow you to merchandise regular, decaffeinated or flavored coffee. Also, perfect for displaying multiple flavors of specialty coffee. Removable stainless steel drip trays allow for easy cleaning.

Cecilware's insulated airpots keep beverages hot for hours and have easy pump action dispense. Ideal for use with Cecilware's Airpot Brewers. Airpots fit into all standard airpot brewers.
